

DROP SHIP MAC INSTRUCTIONS

To begin setting up your Mac select your Country or Region

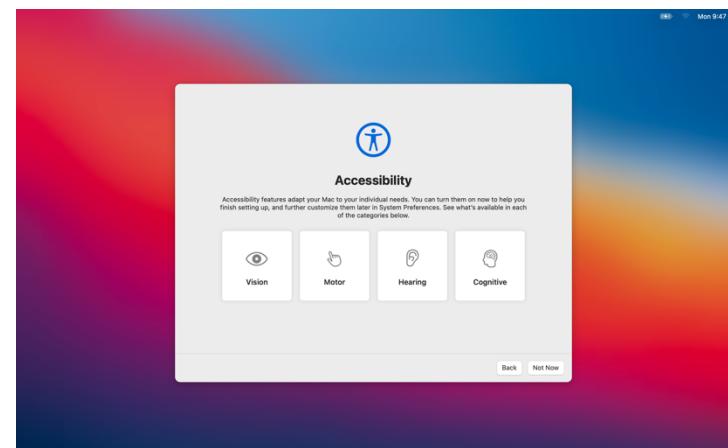

Click "Continue"

If you would like to set up Accessibility preferences please select one or more of the tiles and follow the steps to enable

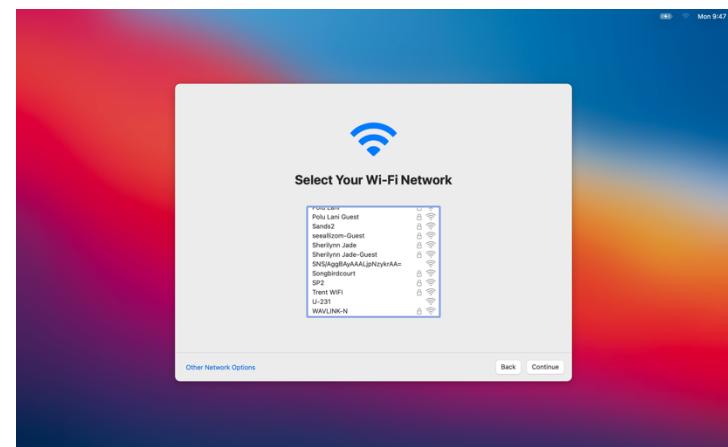

If you would like to skip or set up later

Click "Not Now" to continue with set up

Select your Wi-Fi Network and enter your password

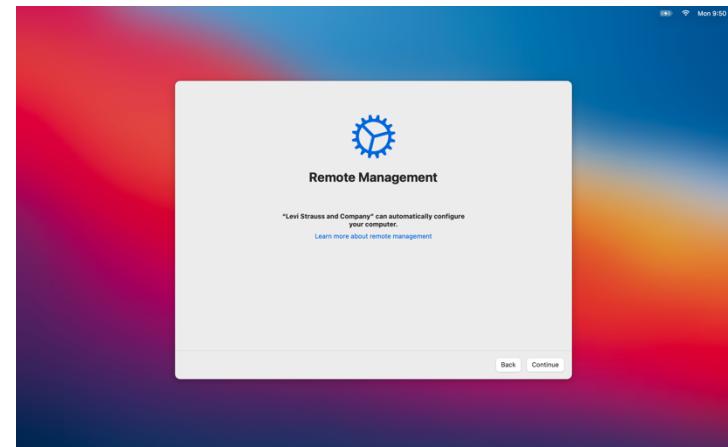

Click "Continue"

Remote Management should appear after connecting to a network

Click "Continue"

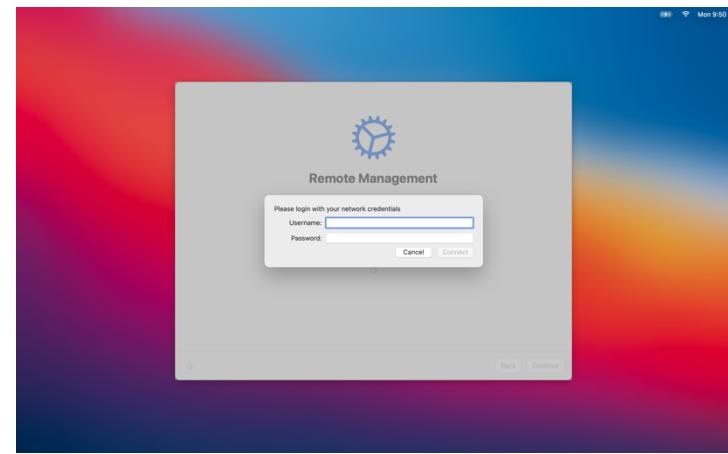

If you *do not* see this immediately after connecting to your Wi-Fi network **STOP and contact your local IT for next steps on how to proceed.

Enter your Levi's Network ID and password

Click "Connect"

It'll take a few moments to connect

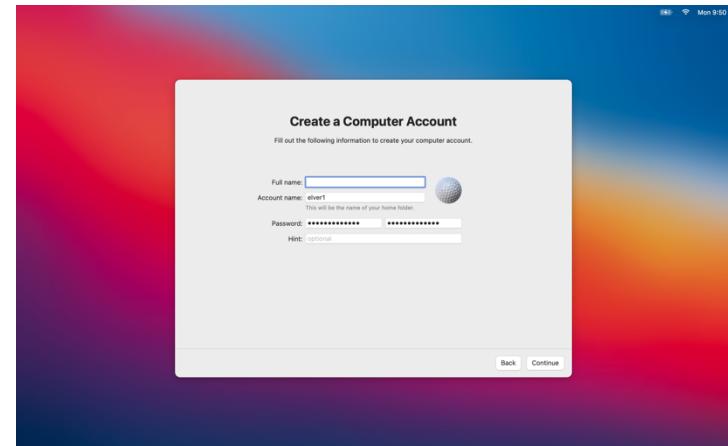

Account name and Password will be auto filled – **DO NOT** change this!

Simply enter your Full Name in the empty field

*No need to enter Hint

Example: John Appleseed

Click "Continue"

After a few moments you will need to Log In to your Mac

In the Name field enter your Full Name or Levi's Network ID

In the password field enter your Levi's password\

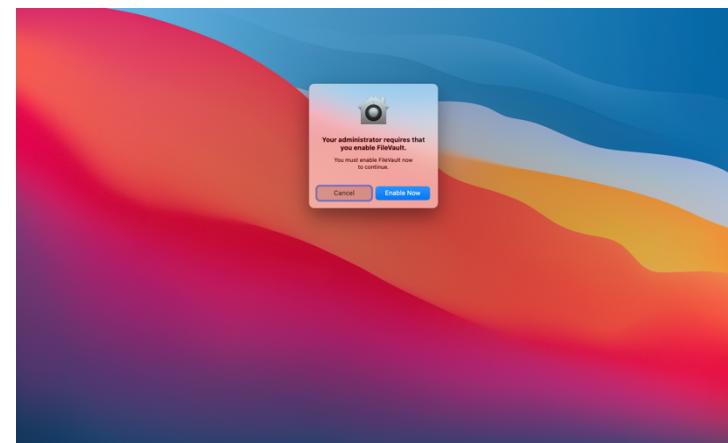

Press the "return" key on your Mac keyboard to continue

The set up will prompt you to Enable FileVault

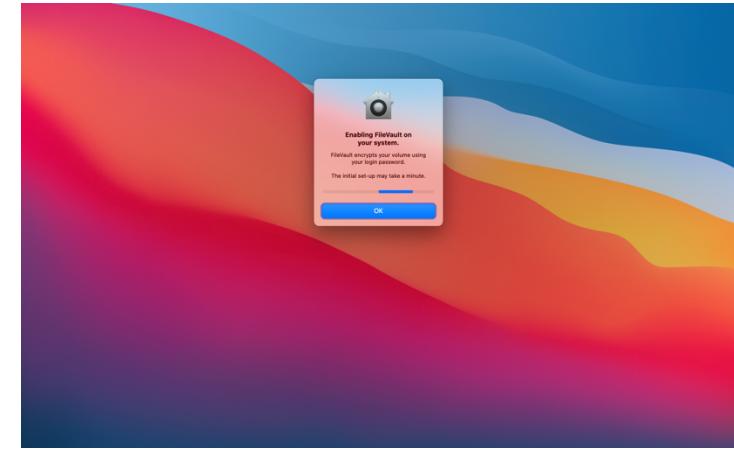

This step is **required** for your Mac

Click "Enable Now"

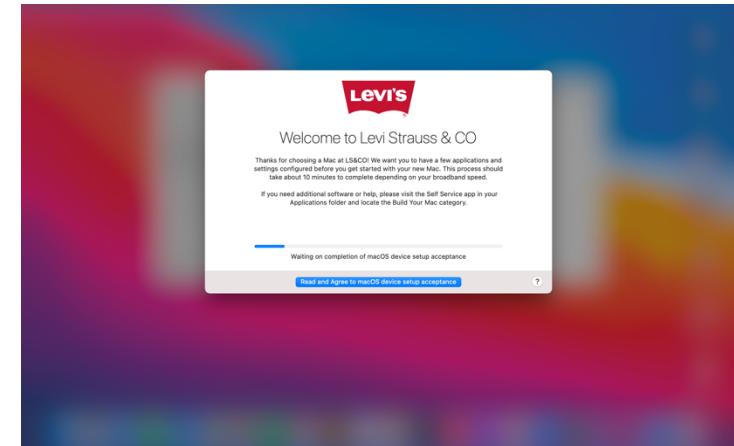

FileVault may take a few minutes to turn on in the background

Click “OK” to continue

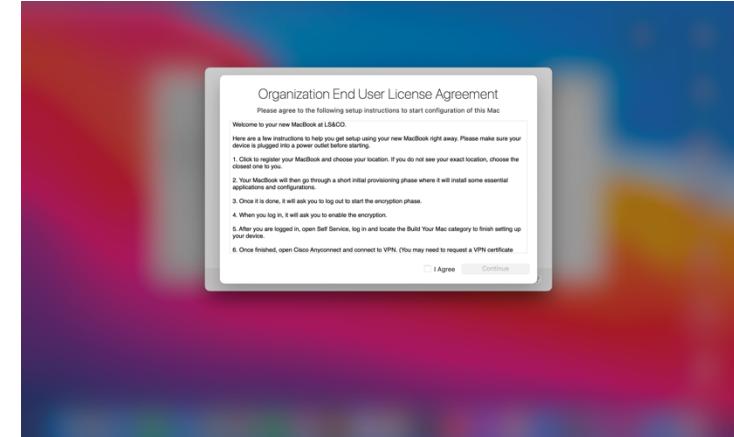

Click “Read and Agree to macOS device setup acceptance” to continue

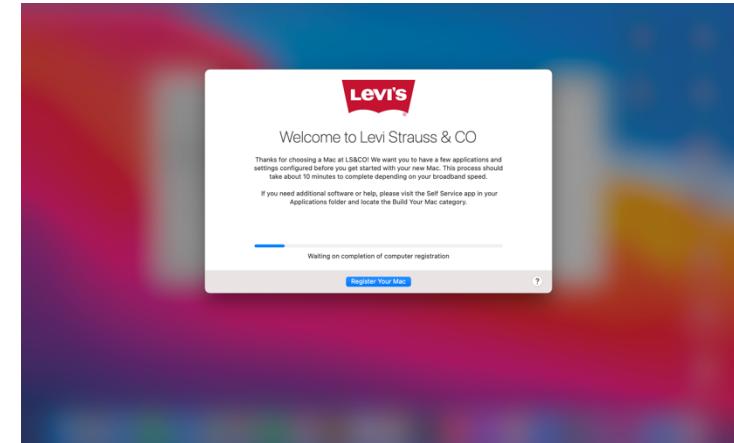

You will need to read the Agreement and check the “I Agree” box

*It's a quick read and contains important info about setting up your Mac

Click “Continue”

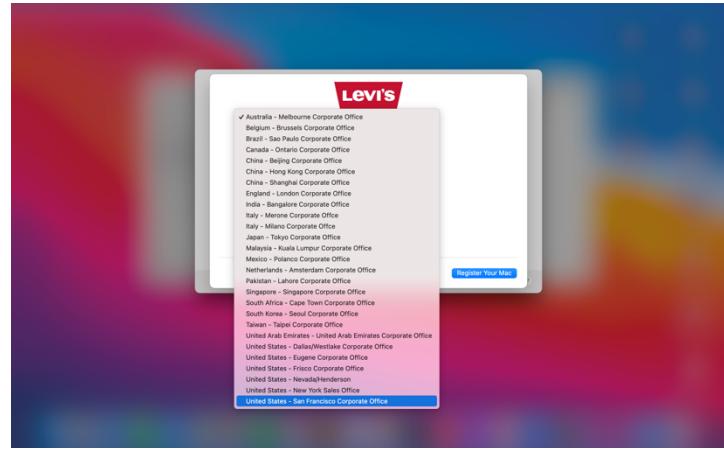

Click “Register Your Mac”

Select the location closest to your home office if you do not find an exact match

Click "Register Your Mac" again to continue

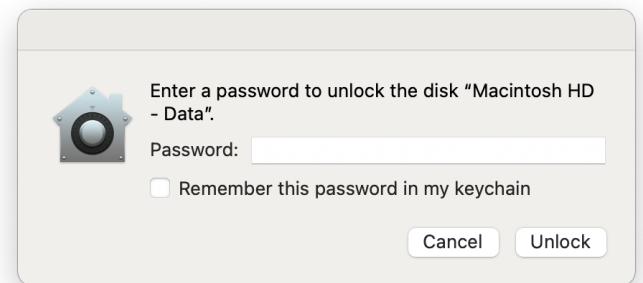

It'll take a few minutes for your Mac to log in and complete the set up

If you get this pop up

Enter the same Levi's Network ID password and check the box next to "Remember this password in my keychain"

Click "Unlock"

DONE! No further steps required

If you have any questions/concerns please reach out to your local IT for support
