

Set Up Mac Instructions

To begin setting up your Mac select your Country or Region

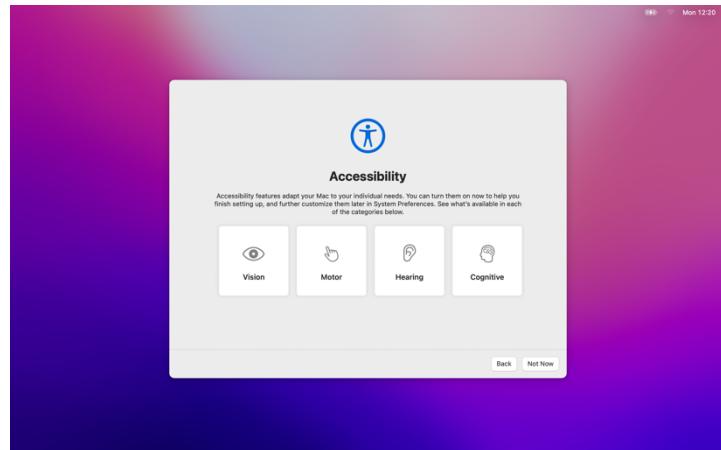

Click “Continue”

If you would like to set up Accessibility preferences please select one or more of the tiles and follow the steps to enable

If you would like to skip or set up later

Click “Not Now” to continue with set up

Select your Wi-Fi Network and enter your password

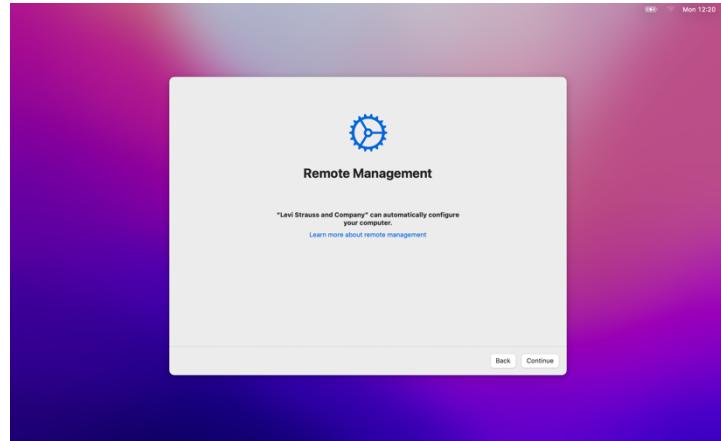

Click “Continue”

Remote Management should appear after connecting to a network

Click “Continue”

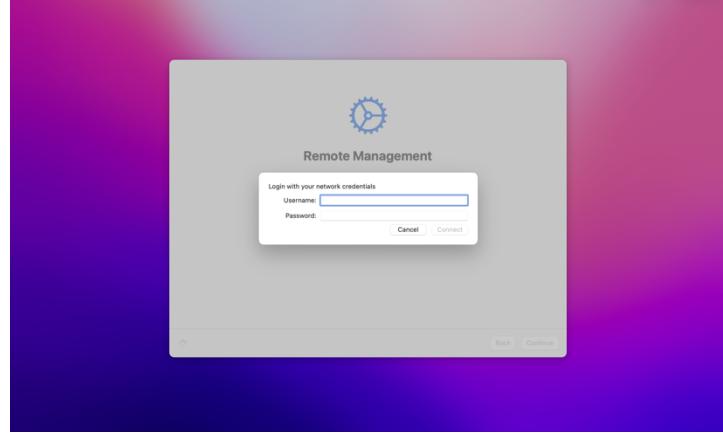

If you *do not* see this immediately after connecting to your Wi-Fi network **STOP and contact your local IT for next steps on how to proceed.

Enter your Levi's Network ID and password

Click "Connect"

It'll take a few moments to connect

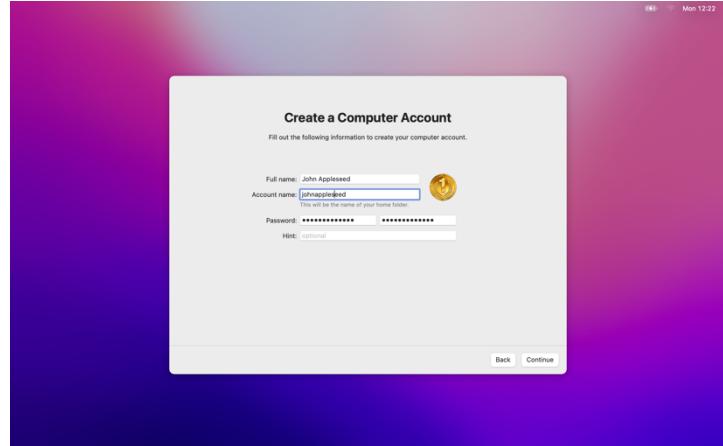

Account name and Password will be auto filled – **DO NOT** change this!

Simply enter your Full Name in the empty field

*No need to enter Hint

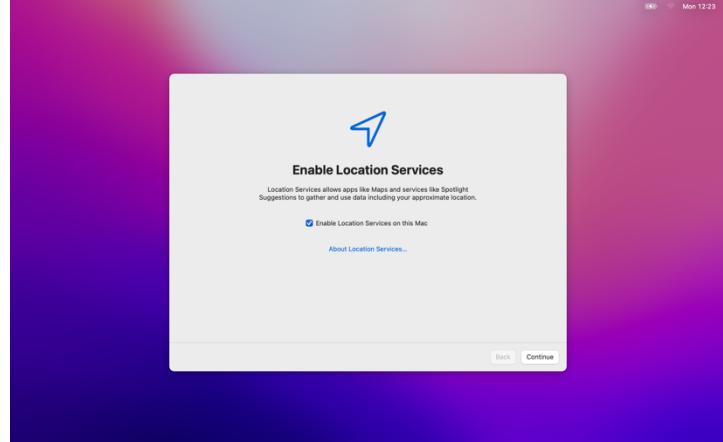

Example: John Appleseed

Click "Continue"

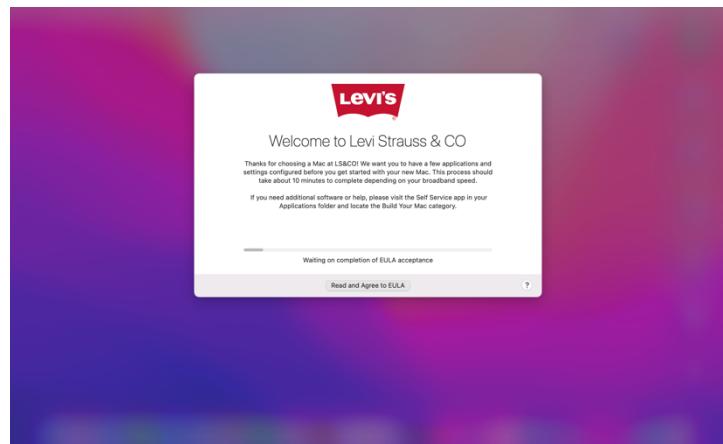

Enable Location Services to automatically set the time zone and turn on Find My Mac

Click "Continue"

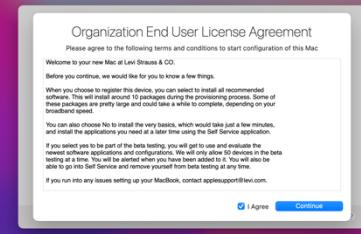

Click "Read and Agree to EULA" to continue

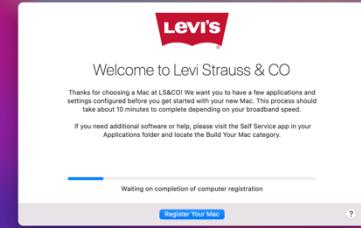

You will need to read the Agreement and check the “I Agree” box

*It's a quick read and contains important information about setting up your Mac

Click “Continue”

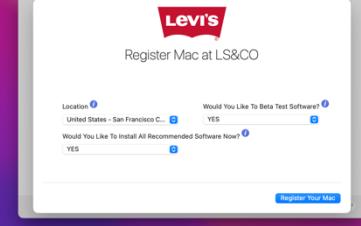

Click “Register Your Mac”

Select the location closest to your home office if you do not find an exact match

It is recommended to Install Apps, select YES

Click “Register Your Mac” again to continue

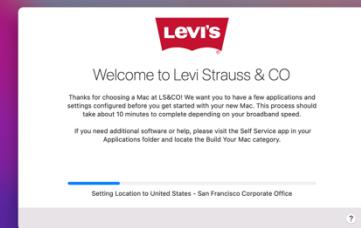

It will take approximately 25 minutes for your Mac to log in and complete the set up

During this time, your Mac will install necessary software and Microsoft Office apps

Your laptop will log out shortly after it begins. you will not be able to use the laptop during installation (estimated 20-30min)

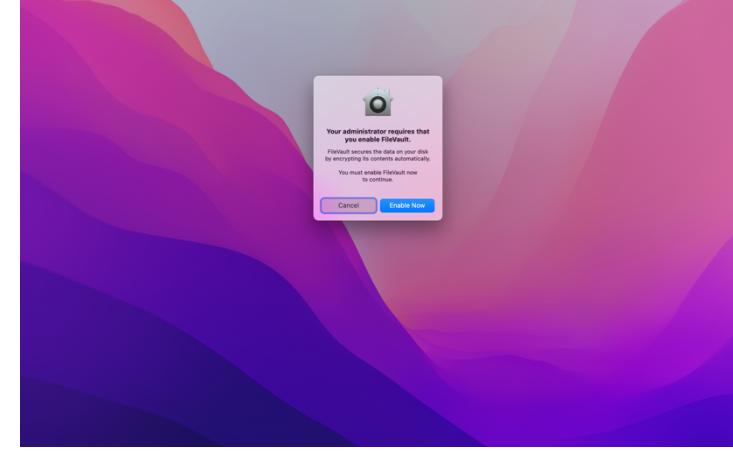

* Your Mac will install necessary settings, Office365 apps and a few other common applications.

The set up will prompt you to Enable FileVault2

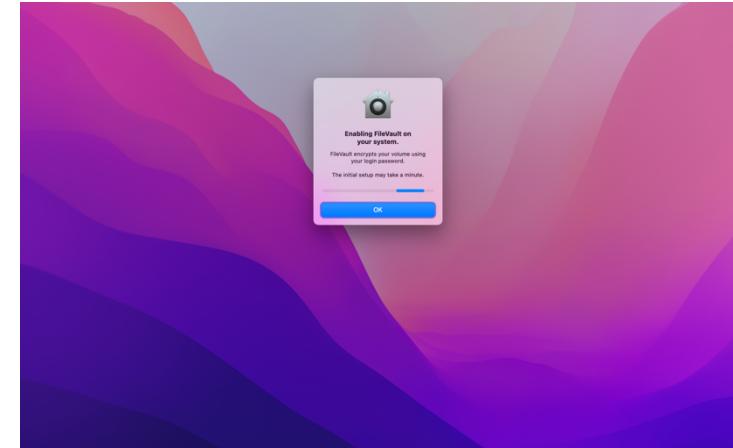

This step is **required** for your Mac

Click “Enable Now”

FileVault may take a few minutes to turn on in the background

Click “OK” to continue

After a few moments you will need to Log In to your Mac

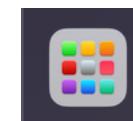

In the Name field enter your Full Name or Levi's Network ID

In the password field enter your Levi's password

Press the “return” key on your Mac keyboard to continue

Once completed, use this icon “Launch Pad” in your dock to see all the apps that were installed

You can log in to Self Service again and search for more apps you may need for your role. Feel free to install any available apps.

DONE! No further steps required

If you have any questions/concerns please reach out to your local IT for support
