Adobe Creative Cloud Installation Guide

(Elevate access in Self Service to enable Administrator Access for 30 min.)

Navigate to https://www.adobe.com/index2.html and sign in with your Levi's email address
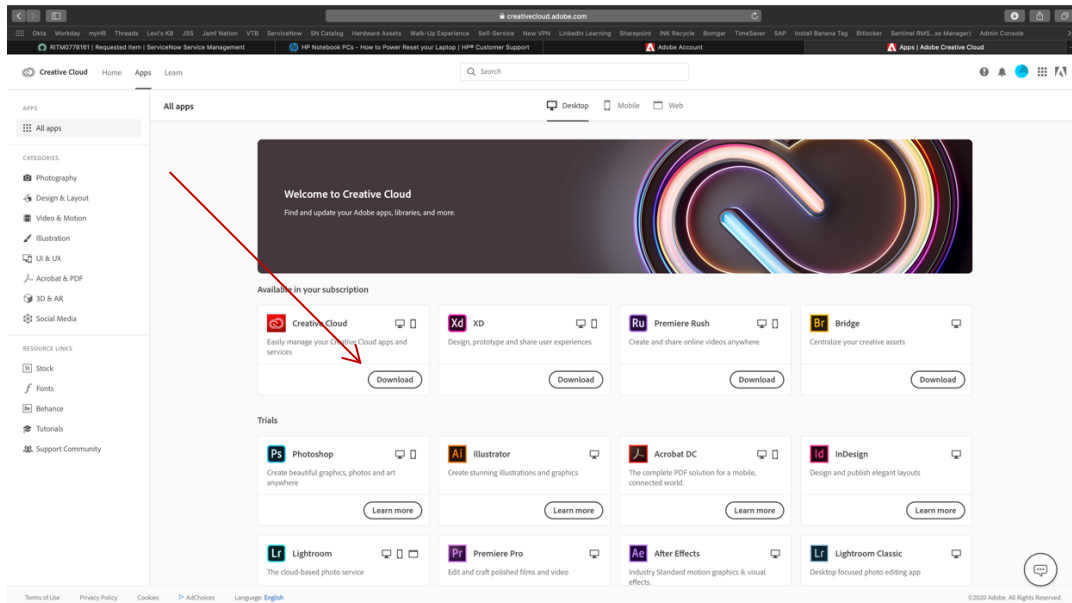

Once signed in, click on the blue spherical icon on the top right and select View Account

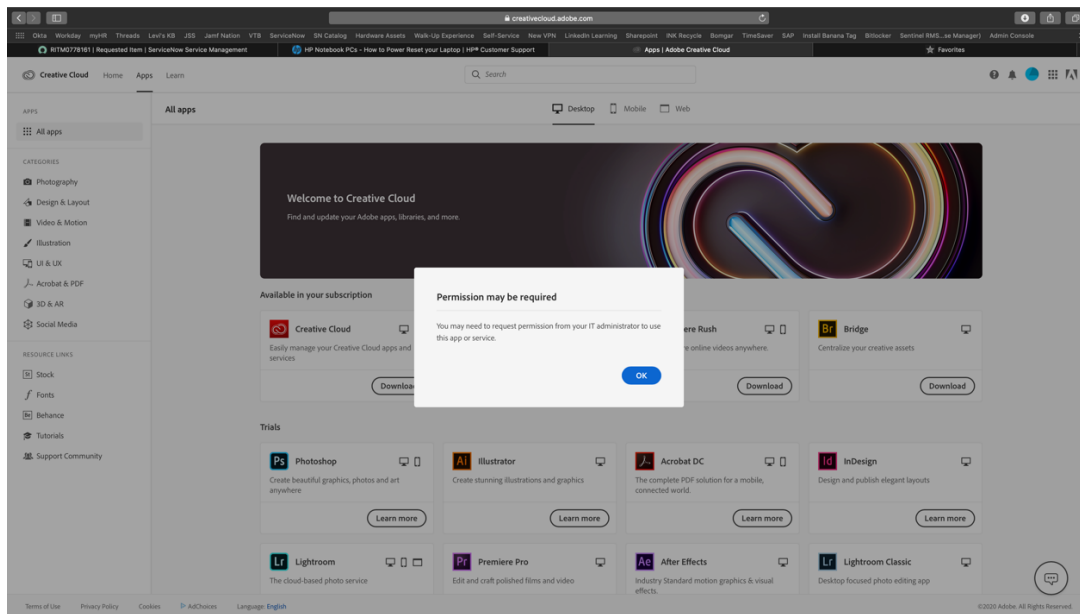

At the bottom of the page, click on View and download my apps
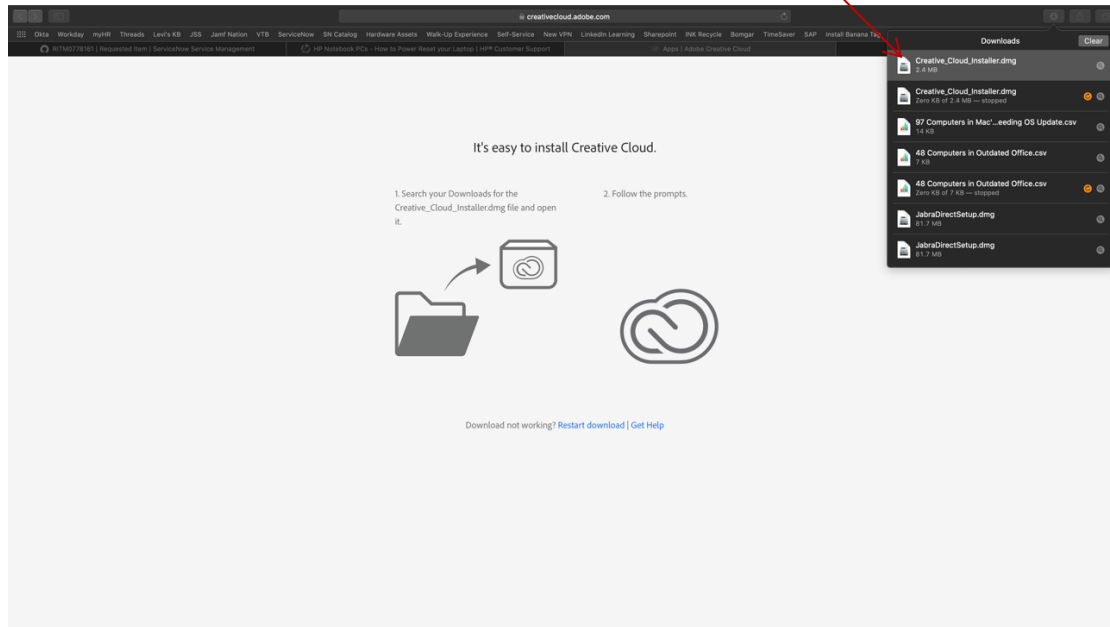

Click **Download** "Creative Cloud"

Select **OK** when prompt for permission appears

Select **Allow** when prompted to allow downloads

Double click the Creative_Cloud_Installer.dmg

Double click the red Creative Cloud box

Select **Open**

Select **OK**

Click **Start Installing**

Once installation is complete you may install any apps that are available in your subscription ie. Photoshop, Illustrator, Acrobat DC, etc.
